

The Governors of Leigh St Mary's CE primary School believe it is important that the governing board reflects the diversity of our school community. Diverse boards promote inclusive school environments and provide diverse role models for our children and young people.

The governing board recognises the importance of transparency and the value of diverse representation in supporting an inclusive school community. However, the school has taken the decision not to publish diversity data at this time. This decision reflects a careful consideration of data protection, confidentiality, and the reliability of the information currently available. The governing board remains fully committed to promoting equality, diversity and inclusion in all aspects of school life and will continue to review its approach to data collection and publication as this work develops.
